SimaPro PhD

SimaPro PhD was designed for the LCA practitioner who needs advanced modeling and assessment features. It has everything you need to do your research. SimaPro PhD is a single-user license meaning only one person can work on the same database and project at a time.
Benefits

Features

Price

Advanced modeling

SimaPro PhD supports advanced modeling with process and project parameters, scenario analysis and uncertainty calculation with Monte Carlo simulation. Furthermore, you can gain insight into unit processes and the allocation of multiple output processes, conduct a weak-point analysis and model complex waste treatment systems.

Scenarios with parameters

Build scenarios with process and project parameters. Using these parameters in your model simplifies your work and gives you the flexibility to easily change values or assumptions in your model.

Visualize results

SimaPro PhD has a powerful network view that will let you dig deep into your model and visualize your results. This way of presenting your results helps you easily find hotspots and investigate them further.

Advanced modeling and assessment features for comprehensive LCA studies

Robust, flexible and transparent LCA with **SimaPro desktop software**

- Advanced product life cycle modeling with product stages
- Wide range of impact assessment methods included
- Inventory and Input/output databases included
- Interactive results analysis on graphs and tables
- Analysis of groups

- Save inventory data as system processes
- Library switch
- Interactive network view
- Import data (.csv and SimaPro format)
- Export data (.xlsx and .txt format)
- Export data (.csv and SimaPro format)
- Import and export of EcoSpold 1 data
- Export of ILCD Data

- Edit system descriptions
- Interactive tree view
- Parameters (scenario analysis)
- Monte Carlo analysis
- Export to matrix
- Copy chart to Excel

Create graphs and tables with Report Maker

Save time on creating LCA reports. With Report Maker, you can create graphs and tables in MS Word and MS Excel, and they will be automatically updated as you change your model and data in SimaPro. You can also use Report Maker in combination with the 'Import Scenarios' feature which can help to generate the data for your Environmental Product Declarations (EPDs) or other recurring reports.

SimaPro

SimaPro PhD

Experience the full potential of SimaPro

This one-year subscription plan includes access to the SimaPro software, Report Maker add-on, technical support, and various databases including an ecoinvent v3 database license. If you wish to have a license without ecoinvent database, please contact us for a quote.

SimaPro PhD plan

Single user, subscription (12 months)   **€ 2,630**

Pricing conditions
- Prices are valid until December 31, 2024.
- Read and accept the license agreements for SimaPro, ecoinvent and Agri-footprint before you order.
- If you want to upgrade to another SimaPro license, please contact your reseller for a tailored quote.
- The price for a new SimaPro license includes an ecoinvent v3 database license.
